WHISTLING OFF BRAKES. Alderman Keller Yields Private Views to Public Wishes. THE ORDINANCE GOES THROUGH. The Sale of the Ogden House Property—The Squabble Over Freight Transfers—Crowded Schools—The Police Grumble.

Keller's Reasons. Alderman Keller has held out stoutly against the passage of the Tenth avenue ordinance, but last night manfully yielded his private views to the will of the people.

Gentlemen of the Council: I shall vote for the ordinance granting to the Union Pacific railway company the right of way over and on Tenth avenue, but before my vote is recorded I wish to give my reasons for so doing. I opposed the passage of the ordinance because it was my opinion:

1. It is my opinion that the ordinance as it now reads is giving too much for the benefits the city would derive. 2. That section 7 of the old ordinance passed by the council should have been accepted by the railway company as satisfactory and that said section should be retained in the present ordinance to secure what is desired by all.

Public sentiment seems to demand the passage of the pending ordinance, and as I have always believed that the heavy shippers of South Main street should be accommodated and facilities should be granted to bring this about, my judgment is that this ordinance will not account for the depots are built as contemplated in this ordinance. Hoping that I am mistaken in my judgment and that the Union Pacific transfer depots will be built, and what seems to be the general wish of the people, I yield my opinion and will vote yeo. I respectfully ask these reasons be spread upon the minutes. Respectfully, S. S. KELLER.

The City Council. At the meeting of the city council last evening all were present except Alderman Hammer—still out of the city.

The treasurer's quarterly and annual report, presented, and referred to finance committee. Committee on streets, and the city engineer instructed to report some plan for having the names of streets put upon the corners, by signs or lamp-posts.

On the petition of A. C. Graham and others for a streetway on Graham avenue. The committee reported in favor of paving Graham avenue from First street to north line of Fairmount park, and First street from Graham avenue to Second street. A resolution was adopted ordering the paving with cedar blocks.

Resolution ordering city clerk to advertise for bids for cleaning paved streets for three years, the bids to be for thousand square yards. Referred to judiciary committee. Petition for grading and curbing Bluff street from Willow avenue to Pierce, and for having parking inside of the walks. Granted.

Alderman Wells then called up the ordinance granting the right of way to the Union Pacific along Tenth avenue. Solicitor Metcalf moved to pass the ordinance to its third reading. When Alderman Danforth's name was called he voted no. Then came Alderman Keller. He voted "aye" and the lobby broke forth in cheers. Order being restored the motion on the passage of the ordinance was carried, all voting for it except Alderman Danforth, who held out to the last with a smile.

Thus at last, the Tenth avenue ordinance was passed in its original form. It has been pending for eight months, and has been passed with objectionable amendments twice. It will doubtless now be accepted. If so it is predicted that it will result not only in a new freight depot, but in a union depot and other important improvements. The council then adjourned until Wednesday evening next.

Transferring Freight. As stated in the Bee some days ago, a difference has arisen between the Union Pacific and the Iowa roads in regard to the transfers of freight at this point. This business has been done at the Union Pacific transfer depot. The Iowa roads were not satisfied with the arrangements, feeling that they were at too great an expense. The Iowa roads insisted on direct transfers, more favorable to them, and the Union Pacific stoutly objected. The rupture became an open one, and as a result the Iowa roads fixed to-morrow, the 15th, as the date when a change of some sort must be made. As the Union Pacific has shown no inclination to make any concessions, the Iowa roads terminating here are arranging to do their own transferring of freight at the local depots here.

The Chicago, Milwaukee & St. Paul is making an addition to its local depot, building 300 feet more platform, etc. It is intimated that in no event will the company return to the old methods of hauling freight. Others predicted that if the Union Pacific makes the desired concessions, the company will join with the other roads in accepting them, but that it deems it good policy to get in shape for any new developments. The Rock Island and the other roads are in pretty fair shape for handling freight, at local depots, with the exception of the Chicago & Northwestern. It looks as if the Iowa roads meant business, and the result of the recent conference will doubtless appear on and after to-morrow.

The Police Discouraged. Council Bluffs has a fairly efficient police force, and it would become more efficient if given the needed support and encouragement. As it is they are mad and discouraged. There have been so many cases which they have worked up only to see them fall to pieces through the fault or neglect of others, that they begin to think there is no use trying. A fair instance occurred yesterday. It is only one of many. The circumstances vary but the effect is the same. George Roper and James Maher were arrested a few days ago for burglary. The police thought, at least, that they had the evidence pretty snug on the boys. The information was filed and the case set for hearing before Squire Biggs at 10 o'clock yesterday morning. Marshal Guanella and Chief Mulien busied themselves getting the witnesses and hunting up the evidence. Everything was in readiness to proceed at the hour named, except the county attorney, Colonel Daily. After waiting an hour for him the attorney for the defendants insisted on their discharge, and they walked forth free again. If this was a solitary instance it would have been aggravating, but officers say that every now and again persons are turned loose on account of some lapse or neglect of others to do their duty. The police openly declare that it does not pay to make arrests or hunt up evidence against crooks for the chance of getting any satisfactory help from other officials and judicials are too great.

In this particular case it is claimed on behalf of the defendants that the Italian whose fruit place was broken into was beating his wife, and the noise attracted the attention of the young men who were in the vicinity. In order to divert attention from this bit of family trouble, he raised the hue and cry that the young men had robbed his place. The police claim that

they have evidence showing that the young men had in their possession tobacco and fruit, and entering the description of those taken, and shortly after the place was broken into. Crowded Schools. The defeat of the proposition to put up a new building for school purposes, makes it necessary for those in charge of the schools to arrange in accordance with what accommodations are furnished. The school board cannot regulate the number in the city, not altogether, nor can they regulate together the number and size of buildings. They have to take what children and what buildings the public furnishes, and fit them as best they can. Some of the grades are greatly crowded, and teachers are obliged to make all sorts of shifts to accommodate them. This is to be regretted, not merely on account of the discomfort, but more on account of the ill effects to the health of children. Faculty packed into a room labor under physical and mental disadvantages. What cannot be helped must be endured until such time as a majority of the voters are convinced that more buildings are needed. Council Bluffs is growing rapidly in population, and the school advantages must keep pace.

The "Manhattan" Opened. The "Manhattan" billiard parlors and cigar store of Rudlo & Yanawine, No. 418 Broadway, opened last evening to the public. Large crowds kept coming and going during the entire evening. To say the place is a fine one does not express it. It is a perfect gem, and under the brilliancy of electric and gas lights shows off many advantages. The billiard table gave a description of this new enterprise. Besides cigars and billiards the innkeeper is not entirely neglected, although no intoxicants are sold. W. A. Wells is in charge of the antique sideboard, and dispenses all forms of temperance drinks to quench the thirst of those who wish it. His fine lemonades are already popular. The many friends of Rudlo & Yanawine joined in tendering them a separate last night through the celebrated Bavarian band.

Good Templars. Tuesday evening Manawa lodge, I. O. G. T., gave their first social entertainment in their hall, No. 104 Broadway. It was largely attended and a most enjoyable time was had. The following artists contributed an excellent programme: Miss Gertha Taylor, Mrs. C. C. Taylor, Joe, Miss M. Bell, Miss L. Young, Mr. E. L. Martin, Prof. A. Glen and M. I. Sears. The refreshments were choice and abundant. The young people acquitted themselves most admirably, and a thoroughly happy and pleasant evening was spent.

He Dusted. Henry Dust, a dusky young man who has been lying in jail for three weeks on the charge of being a frequenter of a house of ill fame, had a hearing before Justice Schurz yesterday and was found to be guilty. The justice gave him thirty minutes in which to hunt up bondsmen. It is supposed that Dust has gone west to find them as he has not appeared, and half hour is up. He will be out of the city if he continues the hunt still further west.

Brick. We have 200,000 good brick for sale. THOMAS GREEN & SONS. Concluded to Sell. Yesterday Mr. John Keller decided to put upon the market his well known Fourth street property, next to the Masonic temple, it having become too valuable to be longer used as a residence. He has placed it in the hands of J. G. Tipton, for sale, and price, terms, etc., can be learned of him.

Money to loan on real estate. Council Bluffs Real Estate Loan and Trust Co. Room 9, Everett block. Seriously Burned. The experiment of burning out the cesspool at Ed Anderson's residence proves to have rendered more seriously than was at first thought. George Pratt was quite badly burned about the face and ears. Ed Anderson was so burned that he will not be able to be out for a month.
